01 **Kitchen
Style**

H I G H G L O S S K I T C H E N C A B I N E T

Modern

A white gloss finish gives a polished tone to this kitchen!

Blending gloss with matte wood grain finishes is another way to keep the kitchen design simple yet stylish.

Ideal match

Door: MDF +high gloss lacquer finish & wooden melamine finish

Carcass: plywood + white melamine finish

Countertop: white quartz

H I G H G L O S S K I T C H E N C A B I N E T

Stylishness

A simple white kitchen never gets dull, does it?

Combine with fashionable Black wall and flooring, this design defines the modern and artistical master kitchen.

Ideal match

Door: MDF + high gloss white PVC finish
Carcass: particle board + white melamine finish
Countertop: white quartz

H I G H G L O S S K I T C H E N C A B I N E T

Brilliance

The range of smooth and sublime UV finishes pair with trend-setting wood grain, taking design to a new height of contemporary ambiance.

Ideal match

Door: MDF + high gloss wooden finish + white melamine finish
Carcass: particle board + white melamine finish
Countertop: white quartz

Charm

The fashion matt champagne handleless kitchen cabinets with the bright yellow splashback and the simple pendant lighting form the fashionable foundations of this chic.

Ideal match

Door: MDF + matt champagne lacquer finish
Carcass: plywood + white melamine finish
Countertop: HPL/ melamine

M A T T K I T C H E N S T Y L E

Industrial Style

The industrial style which is the most original flavor design and unique expression represents the new concept of the new generation.

Ideal match

Door: MDF + matt grey lacquer finish
Carcass: particle board + grey melamine finish
Countertop: grey quartz

M A T T K I T C H E N S T Y L E

Simplicity

White is a color that will never be out of fashion. The white cabinet is generous and beautiful, showing an elegant and clean atmosphere.

Ideal match

Door: MDF + white melamine finish
Carcass: particle board + white melamine finish
Countertop: black quartz

H I G H G L O S S K I T C H E N C A B I N E T

Chic

The kitchen with Cool wooden color wall cabinets and dull grey base cabinets presented the dull color but created calmness and stylish style.

Ideal match

Door: MDF + wood veneer & grey melamine finish
Carcass: particle board + white melamine finish
Countertop: white quartz

W O O D E N T O N E K I T C H E N C A B I N E T

W O O D E N T O N E K I T C H E N C A B I N E T

Impression

The kitchen creates an elegant living area in black tones. Together with the light and comfortable white islands and walls, it echoes the theme of the overall modern style.

Ideal match

Door: MDF + black wood melamine finish
Carcass: particle board + black melamine finish
Countertop: calacatta quartz

Nature

A long, slim "ribbon" window replaces the space where you might ordinarily see tiles or an upstand. It not only boosts daylight, it also gives you a view over whatever's outside – trees.

Ideal match

Door: MDF + wood melamine finish
Carcass: particle board + melamine finish
Countertop: white quartz

W O O D E N T O N E K I T C H E N C A B I N E T

Pastoral

The classic shaker door with white countertops and the navy blue rattan stools creates an American minimalist style with a unique pastoral atmosphere.

Ideal match

Door: Solid wood + white paint finish
Carcass: particle board + white melamine finish
Counertop: white quartz

A M E R I C A N S T Y L E K I T C H E N C A B I N E T

A M E R I C A N S T Y L E K I T C H E N C A B I N E T

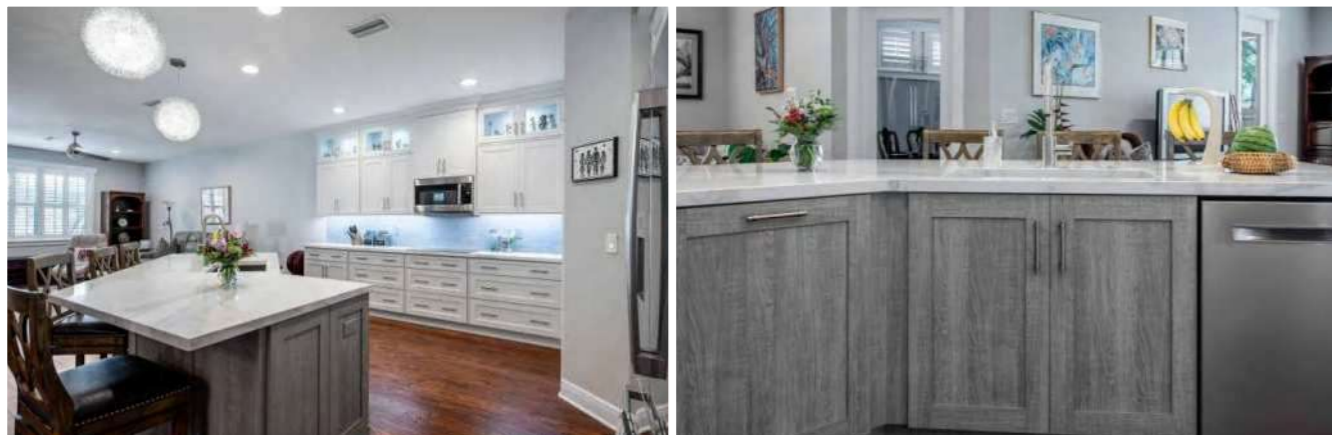

Ideal match

Door : melamine shaker + lacquer shaker
Carcass: particle board + white melamine finish
Counertop: white quartz

Fancy

There is something so romantic and dreamy about the wooden and white color combination. Not only they do mix well with each other tones, but also they can truly take on any style or interior design genre with ease and comfort.

A M E R I C A N S T Y L E K I T C H E N C A B I N E T

Ideal match

Door: Solid wood + cream white glazed paint finish
Carcass: plywood board + cream white melamine finish
Countertop: granite

Antique

The kitchen can also very elegant. Romantic white tone with glazed likes the waltz of the quiet night.

A M E R I C A N S T Y L E K I T C H E N C A B I N E T

Luxury

In this era of diversified styles, such a dark American-style cabinet can feel its elegant and peaceful atmosphere, naturally with a sense of noble feeling.

Ideal match

- Door: Solid wood + cream cherry glazed paint finish
- Carcass: plywood board + cream white melamine finish
- Countertop: granite

Wardrobe

Layout of the wardrobe

NME offer practical functionalities, meticulous craftsmanship and attention to detail in creating clever organising solutions for your space.

Walk in wardrobe

A walk-in wardrobe is every woman's dream wardrobe. More than just a symbol of luxury, it is a necessity if you are the sort of person who likes to stand back and have some 'room for thought' before deciding on what to wear for the day or occasion. With our imagination and creativity, the design options and variations are unlimited!

Wardrobe

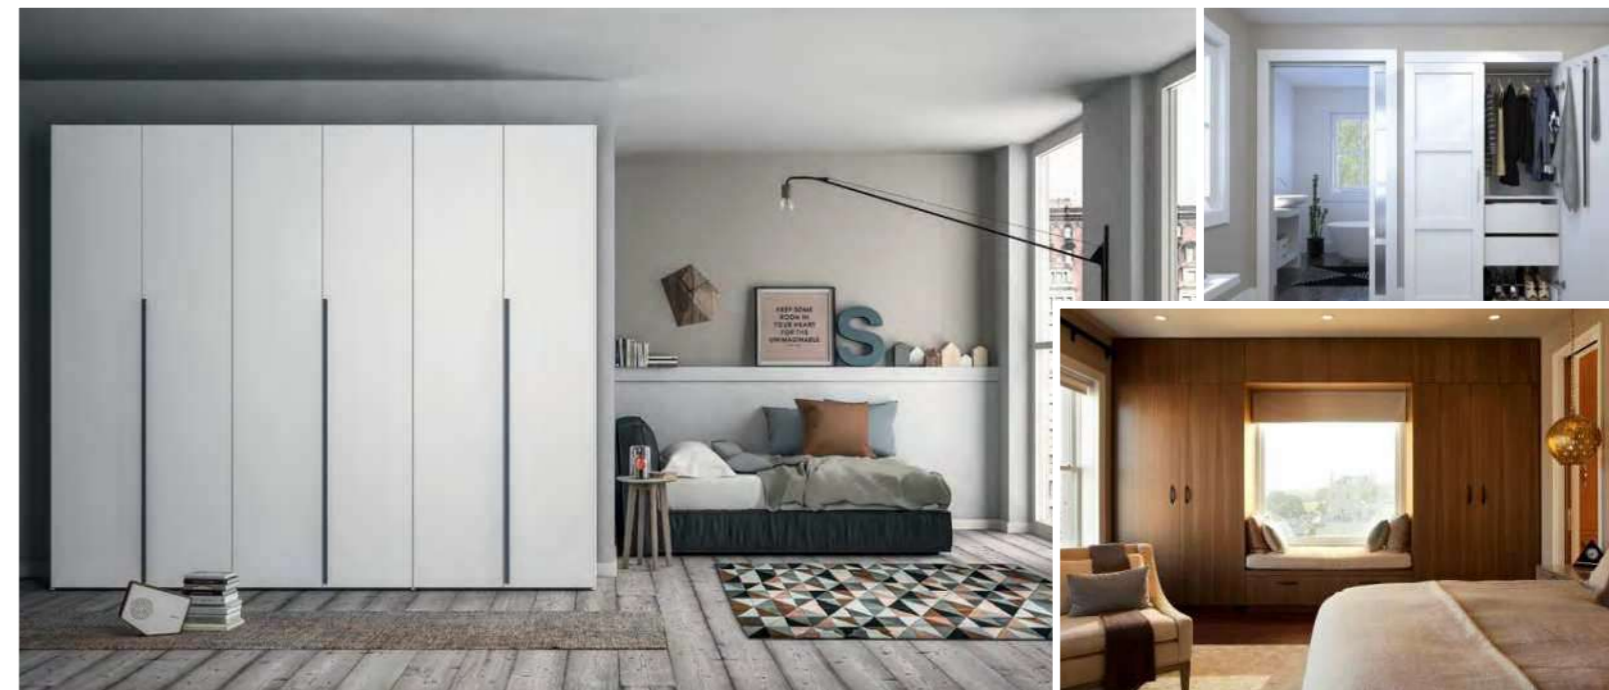

Sliding door wardrobe

Sliding doors eliminate the need for extra floor space when they're open, making them ideal for maximising small bedrooms. Best of all, it's handleless to create a sleek minimalist unobstructed view.

Swing door wardrobe

The basic and practical option for wardrobes, swing doors can either exude warmth in the interiors or provide a clean, minimalist look depending on the colour of the door and its matching handles.

LAMINATE DOOR

Laminate doors are typically specified for their aesthetically uniform appearance. Hundreds of solid color, various pattern and wood grain options are available. High Pressure Laminate and melamine door faces help resist shock, denting and scratching. Because of their durability and ease of cleaning, they are a popular choice and widely used for medical buildings, schools and universities, government facilities and hotels.

ENTRY DOOR FOR HOSPITALITY

30 minutes fire rated entry doors with solid wood and metal frames.

We passed 33DB acoustic test

Usually nme manufactures hotel room entry door with solid wood core and nature wood veneer finishing that makes the surface texture more clear and beautiful. Various colors painted finishing are also very regular and available. Meanwhile high pressure laminate which is considered to be one of the most durable decorative surface materials is also commonly used on these doors.

Our nicely designed Hotel Room Entrance Door are constructed with solid cores, which pass 30, 60 minutes fire rating test and certification according to UL standard, ensure customers' safety and prevent any occurrence of fire.

ED-02

ED-03

ED-04

BARN DOOR FOR HOSPITALITY

The hotels we are supplying

These barn doors are designed simply with mirror, glass, or panel. Water based painting is mostly used on these doors to eliminate the smell of traditional painting. Veneers, wood for stiles and rails, sliding systems are also selected to keep every door work comfortably.

MIRROR BARN DOOR

The mirror barn doors are widely used for bathroom of star hotels to save the rooms and give people convenience for dressing. These doors are constructed with mirrors in the front and recessed panel or flush on the back. Mirrors are usually beveled and protected with safety backing. Stainless steel tracks and rollers, soft closing, handles, and pulls are used to make opening or closing doors full of fun.

We have various of finishing on these doors. Oak, walnut, maple, birch, mahogany, teak veneers are very common. Water based or PU painted is very good choice. We can paint it to different colors like white, grey, green, etc. Besides, Formica and Wilsonart High pressure laminate are also often used.

GLASS BARN DOOR

When the glass doors are used, the bathroom looks to be more bright and give comfort to people. These doors are constructed to be stiles and rails with glass panels insert. These doors are usually 1 full glass, 2-lite, or more. We provide different type of glass such as Laminate glass, finger print free acid etched and tempered glass, Art glass, etc.

We have various of finishing on these doors. Oak, walnut, maple, birch, mahogany, teak veneers are very common. Water based or PU painted is very good choice. understand that decorates the life
with simple and rich element,

please life quality connotation, the quiet and tasteful person is practical, but does not
exaggerate, whose temperament is nature just as a champagne, which is fragrant and
multicolored, people be infatuated with life, people immerse, finally experience where
water of a connotation.

懂得用简单而丰富的元素装点生活, 追求生活的品质内涵, 优雅的人品实
践不奢, 气质自然天成, 如一杯香槟, 香醇隽永醇厚, 让人迷恋, 让
人沉醉, 那来自我生活品质的卓尔不凡。

55 Series Tilt Turn Window

Materials Standard

Profile: (GB5237-2008)

Hardware: (JG/T 212-2007)

Glass: (JGJ113-2009)

System Standard: (GB8478-2008)

Product Feature:

European style architrave design is available

Profile Main structure thickness 1.4mm

Glass: Single glasses and Double glasses is available

Hardware: Chinese top top and European Tilt turn hardware is available

Water penetration resistance: >450PA; Wind Pressure: >3500PA

Customized profile color is available

AS2047 100 and 150 Series Commercial System

Materials Standard

Profile: (GB5237-2008)

Glass: AS (AS2208-1996) AS <1228-1996>

Hardware: (JG/T 212-2007)

System Standard: AUSTRALIAN (AS2047)

Product Feature:

Two track(100 series) and Three track(150 series) system is available

Profile Main structure thickness 2.0mm

Glass: Double and laminated is available

Hardware: Australia Doric or Chinese top Brand is available

Water penetration resistance: >450PA; Wind Pressure: >3500PA

Easy installation with SUB SILL and SUB HEAD.

Customized profile color is available

ALUMINIUM WINDOW & DOOR 13'

65 Series American Crank handle Window

Materials Standard

Profile: (GB5237-2008)
 Hardware: (JG/T 212-2007)
 Glass: (JGJ113-2009)
 System Standard: (GB8478-2008)

Product Feature:

American casement window system with detachable fly screen, available
 Profile: Main structure thickness 1.5mm
 Glass: Double glasses is available (Optional for built in shutter)
 Hardware: Truth Foldable crank handle
 Customized profile color is available

70 Series Double Hung Window

Materials Standard

Profile: (GB5237-2008)
 Hardware: (JG/T 212-2007)
 Glass: (JGJ113-2009)
 System Standard: (GB8478-2008)

Product Feature:

Double hung and Single hung is available
 Profile: Main structure thickness: 1.4mm
 Glass: Single and Double glass is available
 Hardware: Chinese top brand or American Hanging system hardware is available
 Customized profile color is available

'14 ALUMINIUM WINDOW & DOOR

65 Series Casement Door

Materials Standard

Profile: (GB5237-2008)
 Hardware: (JG/T 212-2007)
 Glass: (JGJ113-2009)
 System Standard: (GB8478-2008)

Product Feature:

Thermal Break system with 14.8mm width thermal bridge
 Profile: Main structure thickness 2.0mm
 Glass: Double glasses is available
 Hardware: Chinese top brand and Germany hardware is available
 Water penetration resistance: >450PA; Wind Pressure: >4000PA; Sound proof >38DB; U value < 2.2
 Easy installation, with Low threshold available
 Customized profile color is available

80 Series Folding Door

Materials Standard

Profile: (GB5237-2008)
 Hardware: (JG/T 212-2007)
 Glass: (JGJ113-2009)
 System Standard: (GB8478-2008)

Product Feature:

Thermal Break system with 14.8mm width thermal bridge
 Profile: Main structure thickness 2.0mm
 Glass: Double glasses is available
 Hardware: Germany folding door hardware is available

without easy clean

with easy clean

EASY TO CLEAN

THE 3RD GENERATION OF EASY CLEAN TECHNOLOGY

NME uses the glass with easy clean feature. The Solvent applied is a German Brand- ECOFRIEND-ING4, which is Environmental-friendly and have passed European Environment safety standard and American safety standard.

THE ADVANTAGES OF EASY CLEAN GLASS ARE:

1. Optimizing the glass surface
2. Easy to clean
3. Prevention of bacterium and protection from ultra violet
4. Durable against temperature change and scratches
5. Fluorine and other toxic substance free
6. High transparency up to 95.75-95.2%

This feature will be applied upon client's request.

Function:

Protection film are designed to prevent explosion of glass, it will greatly reduce the injury or damage that might happen. The film holds all the glass together and could even be used for continuing shower temporarily.

Structure:

glass consists of five layers protection film as follows:

Durable Outer Surface Layer

The material of this layer is a transparent acrylic acid, which is very firm and tensile. It is durable against cleaning and can protect the glass from scratches.

Basic Safety Layer

The material of this layer is polyurethane, which is transparent and impact resistant

Pressure Sensitive Adhesive Layer

This layer is the key one to protect the users against a shattering shower enclosure. The advantage of protection film is that it is clear and will not change the color of glass.

Easy to process layer

This layer exists for the convenience of processing and applying.

Transparent layer

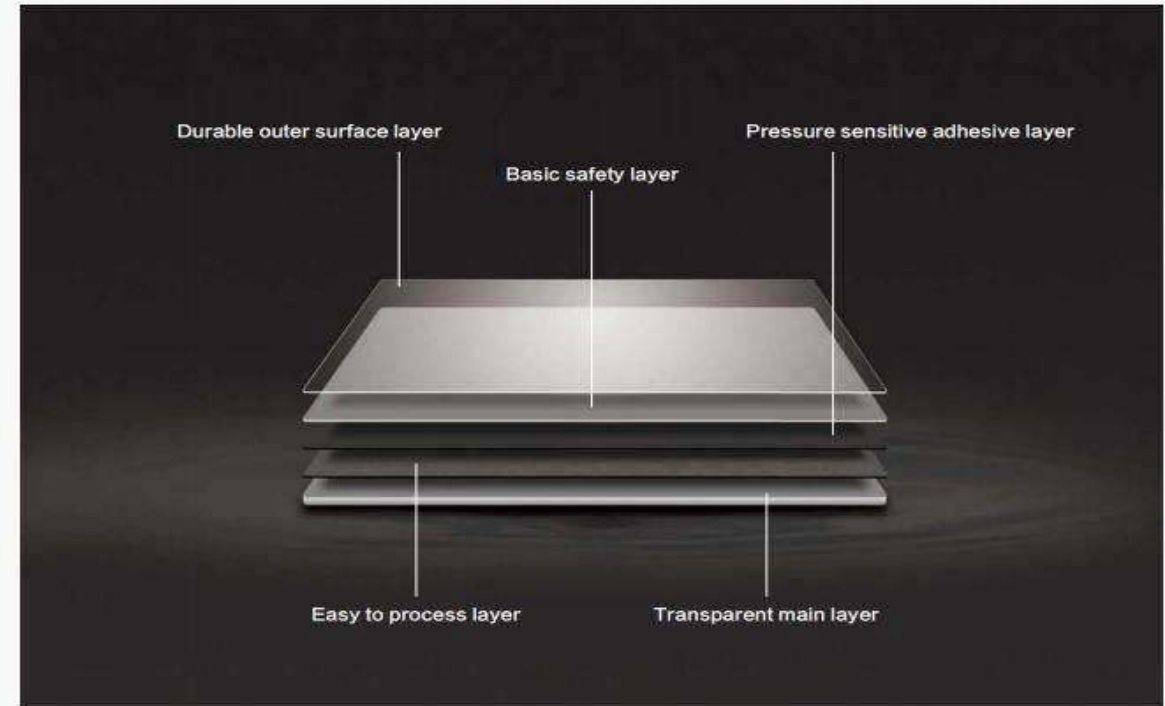

This layer has the chemical elements to combine all the layers together, making sure that everything seals and blends together.

Tempered glass with protection film

Tempered glass without protection film

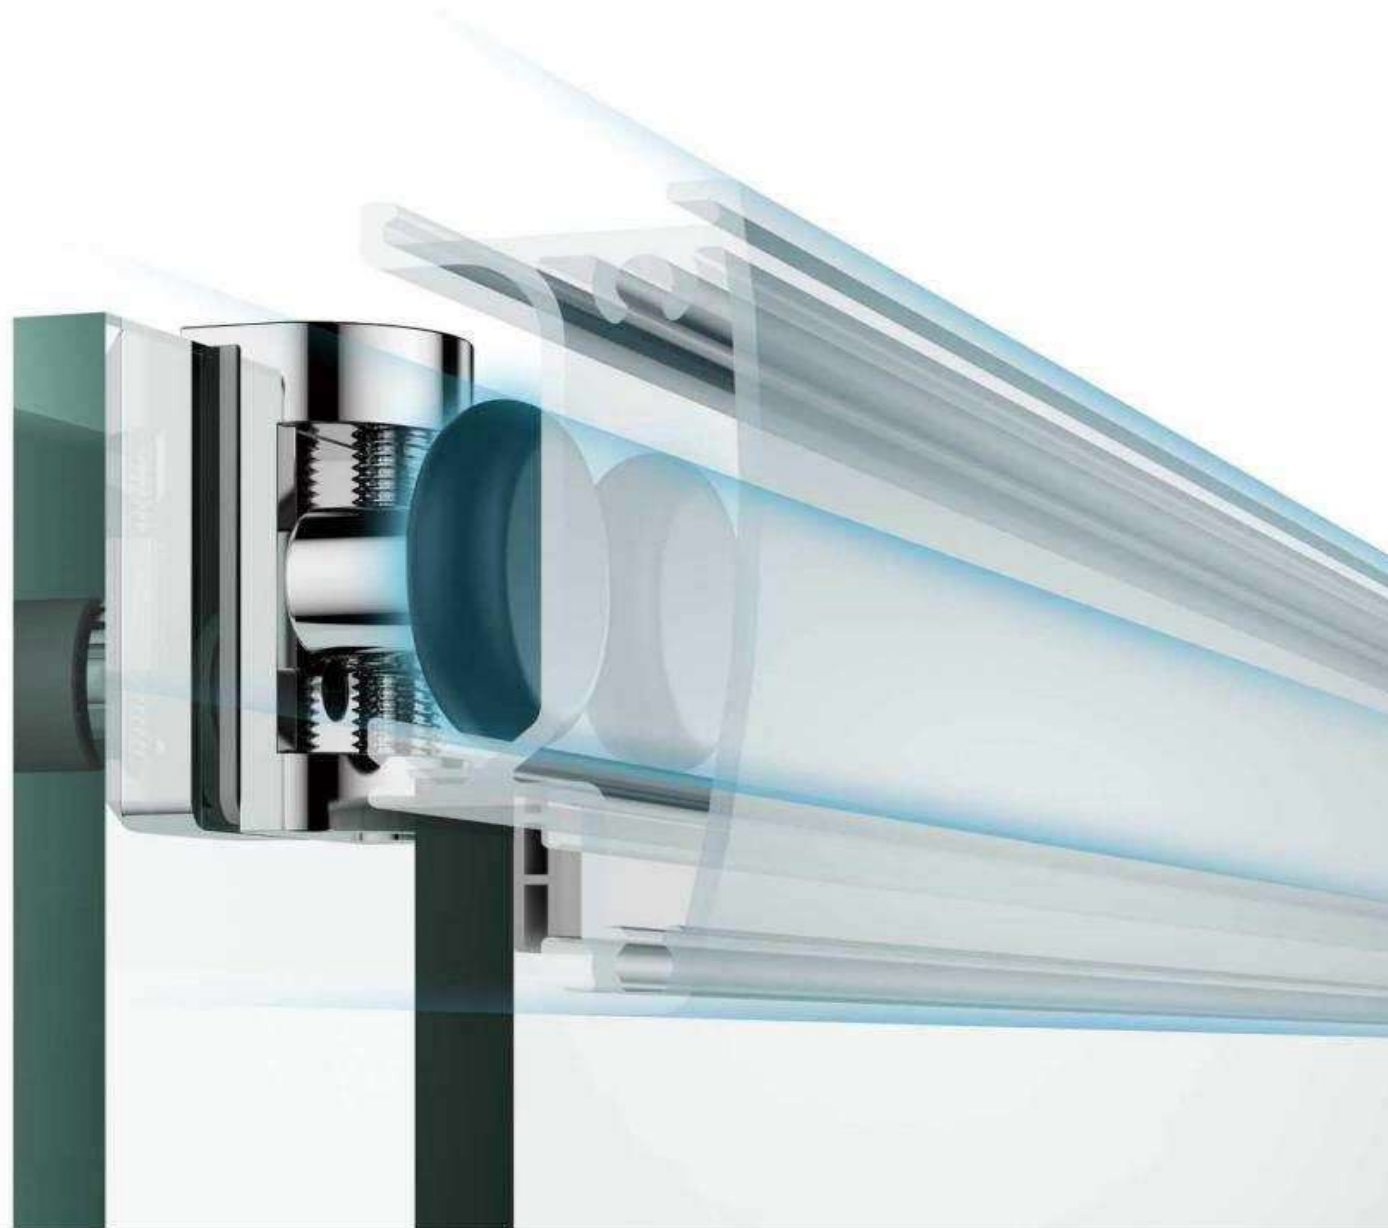

ALUMINUM MATERIAL

For shower room, aluminum profile is mainly to support glass and provide sliding rail for pulleys etc, and it can act as decoration after oxidation and coloring treatment.

Aluminum profile of NME shower room use Australia-made aluminum as raw material, and purified with Ti, Cr, Mg, Si, Cu and other elements, its purity can reach up to 95% or above, with brightness across section, strong metal structure and free of impurities, meanwhile, with a special ingredient formula, THE hardness of NME aluminum profile reaches to 13-14 degree with moderate toughening, the thickness of aluminum profile is 1.0-2.0mm, some areas even reach to 4.0-6.0mm; after polishing, acid-washing, oxidation and surface enclosing process treatment, average thickness of oxidation film reaches to 7u-8u with bright appearance and free of color difference. It's acid-based corrosion resistance performance is very strong, after 24 hours acidic salt spray test, its corrosion resistance performance reaches to level 9 or above. And it has passed 6463 standard and achieved world-leading level.

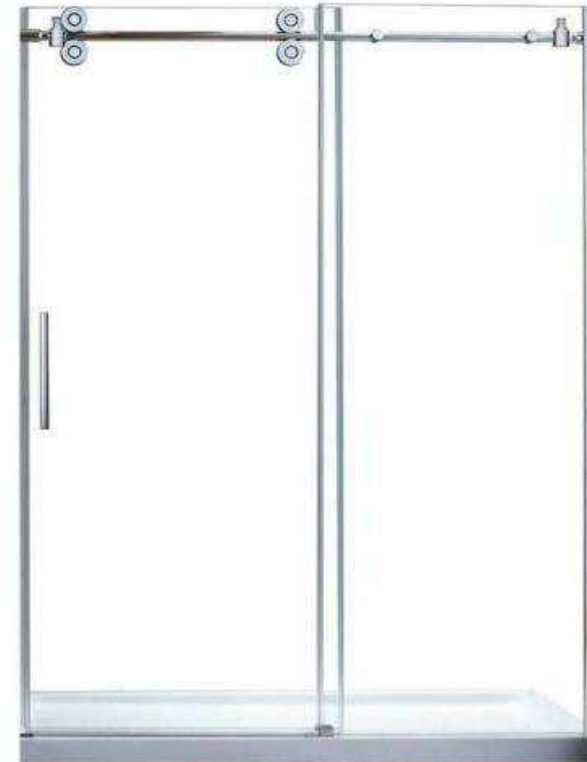

NME shower room aluminum profile machining process:

High quality raw material sourcing-Extrusion molding-- Polishing wax removal-Grounding- Acid cleaning-Oxidation coloring-Surface enclosing

76 LILY SERIES
Outward Series Single Hinge Doors

Effortlessly enter an elegant bathroom, the gaps among the frames are subtle to find the individual joints. Time flows away idly and in fact it is there is no need to give any answers but to blossom elegantly, to let the shimmering green of youth find its way to the corner of the room. Only the texture of hair is the trend. Turning counterclockwise and feature into new frame breaking aesthetic, an elegant world unfolds before your eyes at the moment you enter the door.

Concise strokes have brought the space with fashionable texture.

Modesty is not the word,
elegance is not the artificial,
beauty is not the 3D picture.
To explore the warmth hidden in the elegant style,
to use firm beauty to filter the fierceness of
modern people, to use light design to satisfy the
dreamlike demand of city people,
to use the consistent attitude to keep the perfect
integration of trend with personality.

NME ALUMINIUM WINDOW

WINDOW SERIES — SLIDING WINDOWS

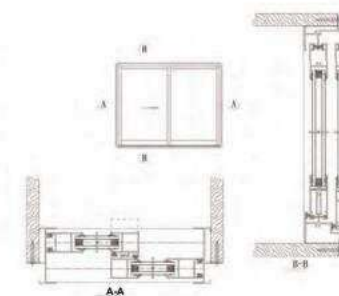

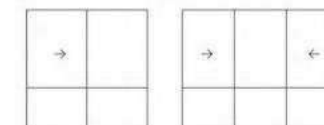

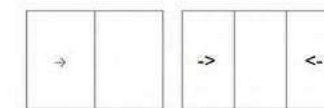

Aluminum sliding window design is a perfect solution to save the outdoor and indoor space. This is patent product and has been tested under Sai Global's labs. Sliding windows have energy rating accredited by Wers, AWA.

FEATURES

- Characteristics of compact structure
- Good performance in water resistance, heat & sound insulation
- Flyscreen slide way is designed inside and outside to fit window frame
- Design with fin or without fin for different construction structures

DESCRIPTION

- Profile: Aluminium, thermal break aluminium, PVC' aluminum-wood composite
- Safety Glass: Double glazed 5-6(or 9)-5mm, 4-9(or)2-4mm
- Single glazed 4/5/6mm
- Laminated 6.38mm, 8.7617117*10.3811)01, 10.76mm, 12.38mm, 12.76mm etc
- Low-E, tinted/coated/ojiscur[®]
- Glass seal: Rubb[®]/r/siliciple, weather proof sealant
- Flyscreen: Fiber glass, crimsafe, aluminum grill with fiber glass
- Hardware: China Brand, Doric' Lockwood, German brand

WINDOW SERIES — AWNING WINDOWS

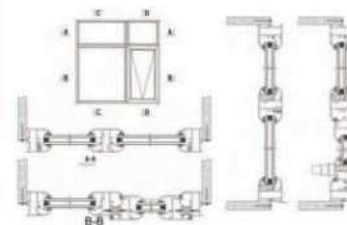

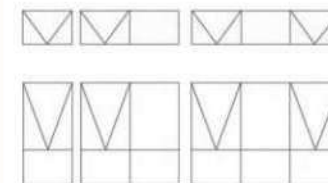

Awning window is a type of window design that allows the window sash to swing outward rather than inward or up and down. This is self-developed and has been tested under Sai Global's labs. Awning windows have perfect energy rating accredited by Wers AWA.

FEATURES

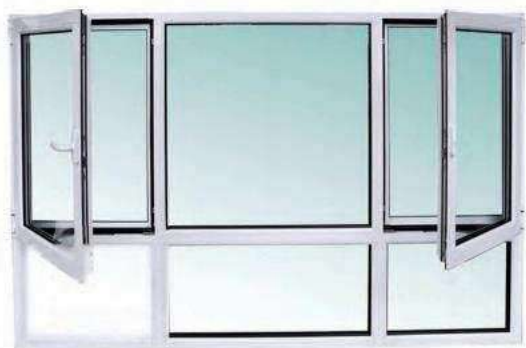

- Excellent performance in water resistance, heat & sound insulation, energy efficient
- Characteristics of compact structure, strong structure with angle connector
- Match with winder or handle
- Easy-to-clean fixed flyscreens
- Design with fin or without fin for different construction structures

DESCRIPTION

- Profile: Aluminum, PVC, aluminum-wood composite
- Safety Glass: Double glazed 5-6(or 9)-5mm, 4-9(or 2)-4mm
 - Single glazed 4/5/6mm
 - Laminated: 6.38mm, 8.76mm, 10.33mm, 10.76mm, 12.38mm, 12.76mm etc
 - Low-E, tinted/frosted/obscure
 - Glass seal: Rubber, silicone, weatherproof sealant
 - Flyscreen: Fiberglass, soft and thin steel mesh
 - Hardware: China Brand, Doric, Lockwood, German brand

WINDOW SERIES — CASEMENT AND TILT & TURN WINDOWS

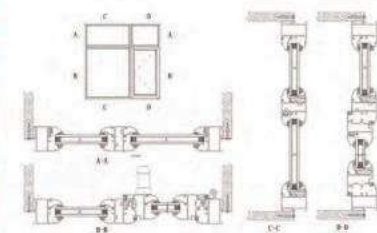

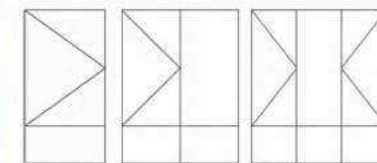

FEATURES

- * 45° assembly with designed aluminum angle connector inserted
- * Design with fin or without fin for different construction structure, more options of installation method
- * Custom size and configuration, smart blind is optional
- * 0 Air infiltration

DESCRIPTION

- * Profile: Aluminium, thermal break aluminium, PVC, aluminum-wood composite
- * Safety Glass: Double glazed 5-9(or 12)-5mm 6-12-6mm
 - Single glazed 4/5/6^{mm} vi.
 - Laminated: 6.38mm, 8.76mm, 10.38mm, 10.76mm, 1st. 38mm, 12.76mm etc
 - Low-E, tinted/frosted/obscure
- * Glass seal: Rubber silicone, weather proof sealant
- * Flyscreen: Fiberglass retractable/Fix
- * Hardware: China B.nd, Doric, Lockwood, German brand

LOUVERS DOORS & WINDOWS

Offering the ultimate in vision and ventilation, AluVison louvers provide an attractive and practical window alternative. Louvre windows ensure your view is as uninterrupted as possible while the tilt-adjustable blades allow you to control the flow of air throughout the home.

FEATURES

- * Excellent vision and ventilation
- * Offer you the choice to install a wide range of glass or aluminum blades
- * Adjustable or Fix shutter blades

DESCRIPTION

- *Profile: Aluminum
- *Safety Glass: 6mm
- ◆Hardware: China Brand, Doric, Lockwood, German brand

DOOR SERIES — BI-FOLD DOORS & WINDOWS

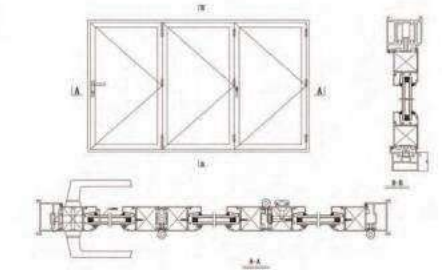

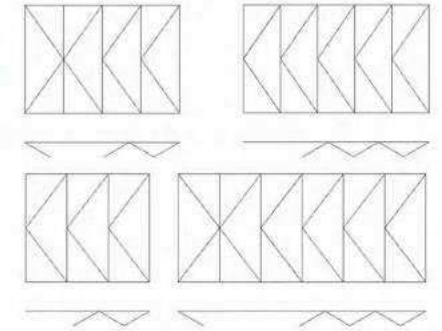

Aluminum bi-fold doors are an efficient way of dividing rooms and separating hallways without wasting space. This is self-developed door has been tested under Sal Global's labs. Bi-fold doors have energy rating accredited by Wers AWA.

FEATURES

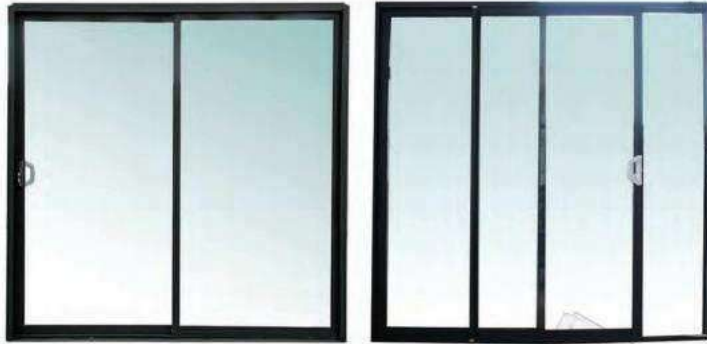

- * Smart and delicate appearance
- * Low bottom frame: 20mm/38mm height
- * Various opening style
- * Flexible pushing and pulling
- * Characteristics of compact structure
- * Good performance in water resistance, heat & sound insulation

DESCRIPTION

- * Profile: Aluminium, thermal break aluminium, aluminum-wood composite
- * Safety Glass: Double glazed 5-9(or 12)-5mm, 4-12-4mm
- Single glazed 4/5/6mm
- Laminated 6.38mm, 8.776mm, 10.38mm, 10.76mm, 12.38mm, 12.76mm etc
- Low-E, tinted/frosted/obscure
- * Glass seal: Rubber, silicone, weather proof sealant
- * Hardware: China Brand, Doric, Lockwood, German brand

DOOR SERIES — SLIDING DOORS

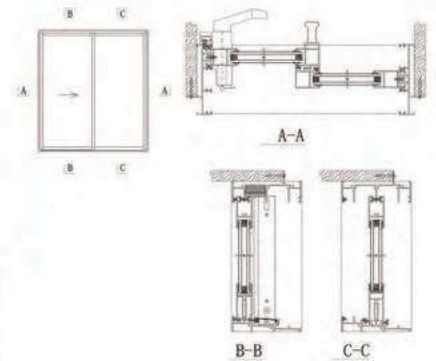

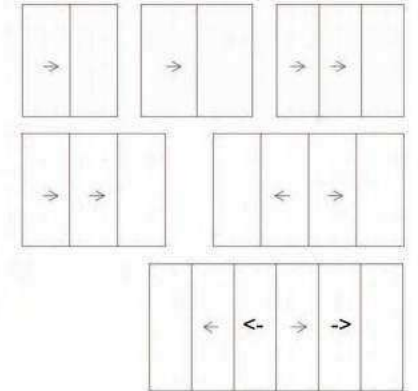

Aluminum sliding door design is a perfect solution to save the outdoor and indoor space. This is a patent product developed by our team and has been tested under Sai Global's labs. Sliding doors have energy rating accredited by Wers AWA.

FEATURES

- * Characteristics of compact structure
- * Excellent performance in water resistance, heat & sound insulation
- * Flyscreen slide way is designed inside and outside of window frame
- * Design with fin or without fin for different construction structure
- * More options for installation like Face Fix
- * Custom size and configuration

DESCRIPTION

- * Profile: Aluminium, thermal break aluminium, PVC, aluminum-wood composite
- * Safety Glass: Double glazed 5-6(or9)-5mm, 4-9(or 12)-4mm
- * Single glazed 4/5/6mm
- * Laminated: 6.38mm, 8.76mm, 10.38mm, 10.76mm, 12.38mm etc
- * Low-E, tinted/frosted/obscure
- * Glass seal: Rubber, silicone, weather proof sealant,
- * Flyscreen: Fiber glass, crimesafe, aluminum grill with fiber glass
- * Hardware: China Brand, Doric, Lockwood, German brand

DOOR SERIES — CASEMENT DOORS

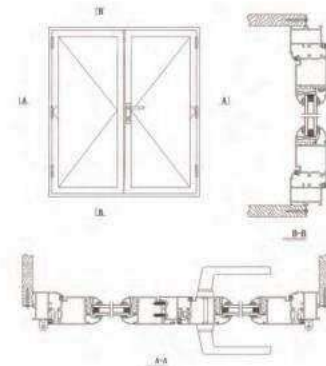

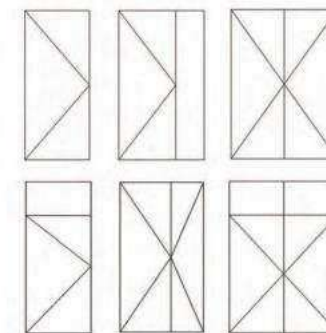

FEATURES

45° assembly with designed aluminum angle connector inserted
Design with fin or without fin for different construction structure,
more options of installation method.
Custom size and configuration, smart blind is optional
0 Air infiltration

DESCRIPTION

◆Profile: Aluminium, thermal break aluminium, PVC,
aluminum-wood composite,
*Safety Glass: Double glazed 5-9(or 12)-5mm
•Single glazed 4/5/6mm
•Laminated: 6.38mm,8.76mm,10.38mm,10.76mm,12.38mm etc
•Low-E, tinted/frosted/obscure
*Glass seal: Rubber, silicone, weather proof sealant,
*Flyscreen: Fiber glass retractable
*Hardware: China Brand, German brand

COMMERCIAL SERIES — FL100 SERIES

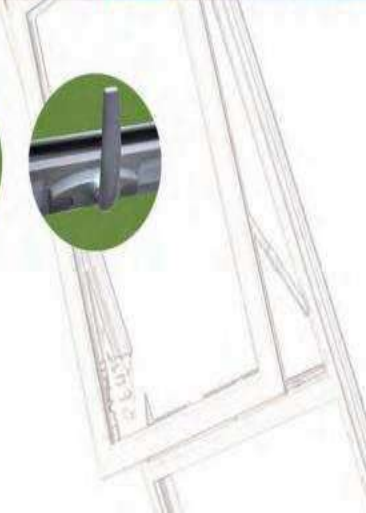

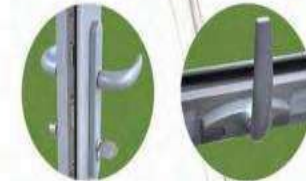

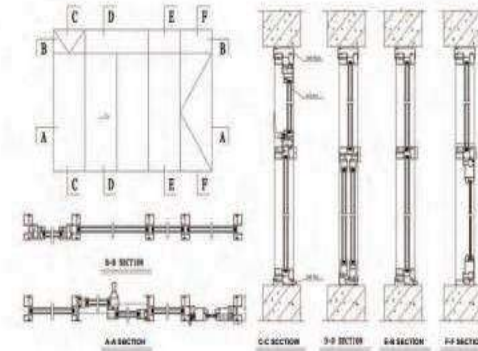

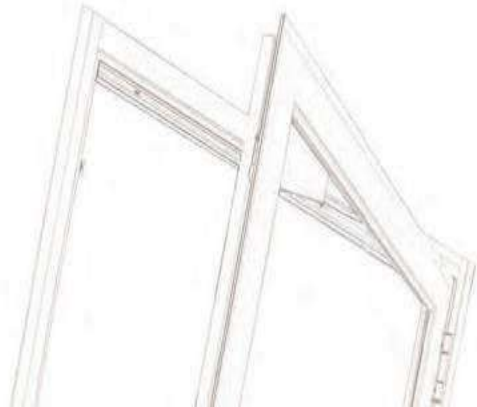

Commercial series is mainly used for commercial buildings and apartments. has updated the system offering a dean and modern external appearance with a range of frame depths 100mm.

FEATURES

Designed with subhead, subsill and subframe which make installation easy.
Characteristics of compact structure
Excellent performance in water resistance, heat & sound insulation
Commercial system can incorporate structurally glazed mullion profiles and offers a number of operable door and window options

DESCRIPTION

- ◆Profile: Aluminum
- * Safety Glass: Double glazed 6-12-6mm,6.38-12-6mm,8.76-12-6mm, 10.76-9-6mm
- ◆Single glazed 6/8/10mm
- ◆Low-E, tinted/frosted/obscure
- *Glass seal: Rubber, silicone, weather proof sealant,
- *Flyscreen: Fiberglass
- *Hardware: China Brand, Doric, Lockwood, German brand

COMMERCIAL SERIES — FL150 & FL200 SLIDING DOORS

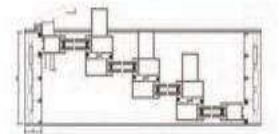

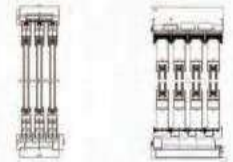

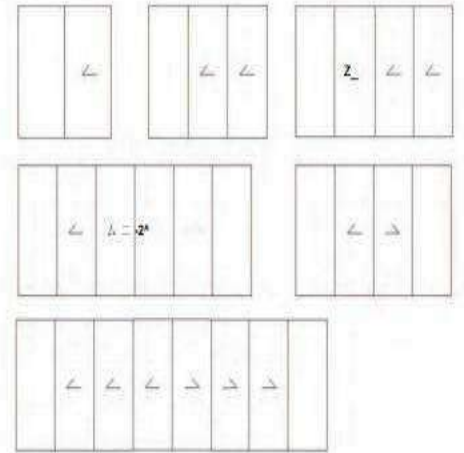

FL150 & FL200 series sliding door of four tracks is perfect product for commercial projects. It is a new patent door developed, stronger than residential series, structure includes subsill and subhead. Can be 2,3, 4,6 & 8 panels,etc,with flexible opening methods.

FEATURES

- *Characteristics of compact structure
- ◆Excellent performance in water resistance, heat & sound insulation
- *Large panel to provide better view
- *Flat bottom frame design, can be flush with the floor
- *Allow flyscreens and security screens
- *Allow acoustic seal for better performance

DESCRIPTION

- *Profile: Powder coating aluminium, Colors are optional
- ◆Safety Glass: Double glazed 6-12-6mm, 8.76-12-6mm, 10.38-12-6mm
 - Single glazed: 5mm/6mm/8mm/10mm
 - Laminated: 6.38mm,8.76mm,10.38mm,10.76mm,12.38mm,12.78mm etc
 - Low-E,tinted/rosted/obscure
- *Glass seal: Rubber, silicone, weather proof sealant
- *Flyscreen: Fiber glass/crimsafe like, aluminum grill with fiber glass
- *Hardware: China Brand, DoHcrLockwood

CURTAIN WALLS

Features & Benefits

60X80mm, 60X100mm, 60X120mm, 60X140mm,
60x180mm, 70X140mm, 70X180mm frame

Visible & Invisible options

Double glazed as standard with single glazed and spandrel options

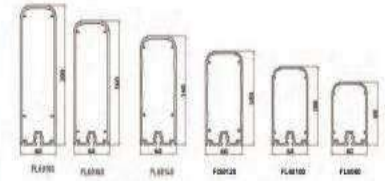

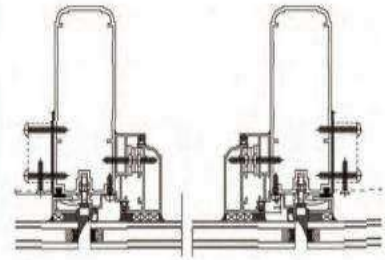

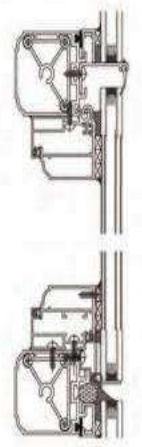

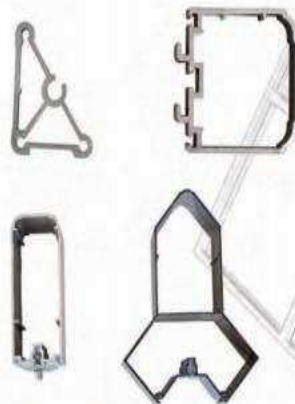

Low-E, Coated, tinted glass options

Proprietary mullion and building brackets provide a fully system

Maturely advanced design and simple structure make installation easier

The professional technology and service team provides flexible design of connection and precise accessories to ensure safe and reliable.

Especially hollow structure has excellent insulatory of heat and sound.

Toggle Switch

15Amp, 120Volt, Toggle framed AC quiet Switch,
Residential Grade, Grounding, Quick-wire Push-in & Side Wired, color is optional.

Product Features

- Ground: U-Grounding Screws
- Feature: Framed
- Amperage: 15Amp
- Voltage: 120VAC.
- HP Rating: 1/2HP - 120V AC
- Max. Amp: 12Amp
- Termination: Quick-wire Push-In & Side wired
- Material: Thermoplastic
- Body Material: Thermoplastic
- Strap Material: Steel
- Std. Color: White, Ivory, Almond, Black, Brown, Black
- Standards & Cert.: UL/CUL

LD-2101

Decora Rocker Switch

- Ground: U-Grounding screw
- Amperage: 15Amp
- Voltage: 120/277VAC.
- HP Rating:
1/2HP-120V, 2HP-240V-277V
- Max. Amp: 12Amp
- Termination:
Quick-wire Push-In & Side wired
- Material: Thermoplastic
- Body Material: Thermoplastic
- Strap Material: Steel
- Color: White, Ivory, Almond, Black, Brown, Black
- Standards & Cert.: UL/CUL

Decora Com Rocker Switch

- Rocker No.: 2
- Ground: Grounding
- Amperage: 15Amp
- Voltage: 120/277VAC.
- HP Rating:
1/2HP-120V, 2HP-240V-277V
- Max. Amp: 12Amp
- Termination: Quick-wire Push-In
- Material: Thermoplastic
- Body Material: Thermoplastic
- Strap Material: Steel
- Color: White, Ivory, Almond, Black, Brown, Black
- Standards & Cert.: UL/CUL

Decora Com Rocker Switch

- Rocker No.: 3
- Ground: Grounding
- Amperage: 15Amp
- Voltage: 120/277VAC.
- HP Rating:
1/2HP-120V, 2HP-240V-277V
- Max. Amp: 12Amp
- Termination: Quick-wire Push-In
- Material: Thermoplastic
- Body Material: Thermoplastic
- Strap Material: Steel
- Color: White, Ivory, Almond, Black, Brown, Black
- Standards & Cert.: UL/CUL

Decora Rocker Switch

LD-2211

Single pole Double Switch
15A, 120/277V
Back & side wire

LD-2213

Single pole Switch & Pilot Light
15A, 125V
Back & side WIRE

Product Features

- UL Listed
- Various kind of colors available
- Washer type break-off plaster ear for best flush alignment;
- Captive mounting screws
- Back and side wiring for easy installation;
- Easy-access green hex head ground screw;

Standard Duplex Receptacle

15Amp, 125Volt, 2P, 3W, With Ears Duplex receptacle, Straight Blade, Residential, Grounding, All screws backed Out contractor Pack, quick-wire Push-In & Side Wired, Steel Strap, color is optional

Product Features

- Ground: U-Grounding Screw
- Feature: All Screws Backed Out Contractor Pack
- Amperage: 15Amp
- Voltage: 120V AC
- NEMA: 5-15R or 5-15P or 5-15R&5-15P Combination
- Pole: 2
- Wire: 3
- Termination: Quick-wire Push-In & Side
- Face Material: Thermoplastic
- Body Material: Thermoplastic
- Strap material: Steel
- Standard Color: White, Ivory, Black, Almond, Grey, Brown
- Standard & Certification: UUCUL

LD-3010

LD-3016

20Amp, 125Volt, 2P, 3W, With Ears Duplex receptacle, Straight Blade, Residential, Grounding, All screws backed Out contractor Pack, quick-wire Push-In & Side Wired, Steel Strap, color is optional

Product Features

- Ground: U Grounding Screw
- Feature: All Screws Backed Out Contractor Pack
- Amperage: 20Amp
- Voltage: 120V AC
- NEMA 5-20R&5-20P Combination
- Pole: 2
- Wire: 3
- Termination: Quick-wire Push-In & Side
- Face Material: Thermoplastic
- Body Material: Thermoplastic
- Strap material: Steel Standard Color White, Ivory, Black, Almond, Grey, Brown
- Standard & Certification: UUCUL

LD-3011

LD-3014

Decora Duplex Receptacle

15Amp & 20Amp, 125Volt, 2P, 3W, Decora plus Duplex receptacle, Straight Blade, Self-Grounding, All screws backed Out contractor Pack, quick-wire Push- In & Side Wired, Steel Strap, color is optional.

Product Features

- Ground: Self-Grounding
- Feature: All Screws Backed Out Contractor Pack
- Amperage: 20A & 20A
- Voltage: 120V AC
- NEMA: 5-15R and 5-20R
- Pole: 2
- Wire: 3
- Termination: Quick-wire Push-In & Side
- Face Material: Thermoplastic
- Body Material: Thermoplastic
- Strap material: Steel
- Standard Color: White, Ivory, Black, Almond, Grey, Brown
- Standard & Certification: UL/CUL

Single Receptacle

15Amp & 20Amp, 125Volt, 2P, 3W, Narrow Body receptacle, Straight Blade, Grounding, All screws backed Out contractor Pack, Side Wired, Steel Strap, color is optional.

Product Features

- Ground: Self-Grounding
- Amperage: 20Amp
- Voltage: 120V AC
- NEMA: 5-15R, 5-20R, 5-15P, 5-20P
- Pole: 2
- Wire: 3
- Termination: Quick-wire Push-In & Side
- Face Material: Thermoplastic
- Body Material: Thermoplastic
- Strap material: Steel
- Standard Color: White, Ivory, Black, Almond, Grey, Brown

8-Outlet & 4 USB Outlet Power strip

Product Features

- Input Voltage: 125VAC 60HZ
- AC Outlet Voltage: 125VAC 60HZ
- USB Outlet Voltage: DC5V
- AC Outlet Power: 1875W
- USB Outlet Power: DC5V/4.2A (Totally)
- Material: PC
- Feature: 8 US standard AC outlets & 4 USB outlet (Dual Type USB-A&C Ports), with 2M heavy duty cord delivers optimal and safe AC power
- Color: White, Ivory, Black, Almond, Grey, Brown
- Standard & certifications: UL/cUL

LD-URP001

Wall Mount Adapter charge

Product Features

- Input Voltage: 125VAC 60HZ
- AC Outlet Voltage: 125VAC 60HZ
- USB Outlet Voltage: DC5V
- AC Outlet Power: 1875W
- USB Outlet Power: DC5V/4.2A (Totally)
- Material: PC
- Feature: 3 US standard AC outlets & 4 USB outlet (Dual Type USB-A&C Ports), Unique, Efficient Design with Dual Slide Out Holders
- Color: White, Ivory, Black, Almond, Grey, Brown
- Standard & certifications: UL/cUL

LD-URZ01

Smart Lock GFCI

15Amp, 120Volt, NEMA5-15R, 2P, 3W, Decora plus duplex receptacle, straight blade, GFCI ground fault, Smart Lock, Button match face color, Back and Side 20A, Feed-thru wired, Steel strap, color is optional.

Product Features

- Ground: Grounding
- Feature: Smart Lock, button match face color or standard.
- Amperage: 15Amp and 20Amp
- Voltage: 120V AC
- NEMA: 5-15R and 5-20R
- Pole: 2
- Wire: 3
- Termination: Back and Side 20Amp feed-thru
- Face material: Thermoplastic
- Body Material: Thermoplastic
- Strap material: Steel
- Standards & certifications: ETL/cETL

SELF-TEST GFCI

Product Features

- Grounding: Grounding
- Feature: Smart Lock, button match face color standard
- Amp: 15&20A
- Volt: 120V AC
- NEMA: 5-15R and 5-20R
- Pole: 2
- Wire: 3
- Termination: Back and side 20Amp feed thru
- Face material: Thermoplastic
- Body material: Thermoplastic
- Strap material: Steel
- Auto test function: The GFCI automatically do a self-internal test every 2 hour to ensure that it can respond to a ground fault

Electrical Specifications

Dielectric Voltage Withstands 2000V per UL498;
Current Limiting: Full Rated Current;
Temperature Rise: Max 30C after 50 cyc OL at 150 pct rated current

Mechanical Specifications

Terminal ID: Brass-Hot, Green-Ground,
Terminal Accom.: White-Neutral; Up to 4 AWG

Material Specifications

Face & body Material: Heavy duty plastic;
Product ID: Ratings are permanently marked on device;
Line Contacts: Brass Double-Wipe;
Yoke: Zinc-Plated Steel

Environmental Specifications

Flammability: Rated V-2 per UL94;
Operating Temp.: -40C to 60C

AC Horsepower Ratings

At Rated Voltage: 2 HP

Standards and Certifications: UL498
