## BC01

Fabric layer: High-grade knitted fabric, soft and skin-friendly, mite-proof.

Comfort layer: Eco-friendly brown, repels mosquitoes and insects, inhibits bacterial growth, environmentally friendly, odorless; highly breathable, keeps you dry.

Support layer: 2.3-thread large core round mesh design, stainless steel springs + 450g heat-pressed cotton + side sealing cotton. Special requirements can be noted when ordering (same for all mattresses).

# BC02 (Mosquito Repellent Mattress)

Fabric layer: Made with natural pyrethrum and plant bactericide extracts, it is effective against mosquitoes, dust mites, and insects, and inhibits bacterial growth.

Comfort layer: 1.5mm thick eco-friendly palm fiber + heat-pressed cotton + high-resilience sponge

Support layer: 2.3-thread large core round mesh design, stainless steel spring + 450g heat-pressed cotton + side Sealing cotton.

## BC03 (Silver Ions)

Fabric layer: It can fight bacteria, regulate body temperature and humidity, control body odor, and remove unpleasant smells from the body.

Comfort layer: 1.5cm thick eco-friendly brown fabric + 2cm natural latex

Support layer: 2.3-thread large core round mesh design, stainless steel spring + 450g heat-pressed cotton + side sealing cotton.

# BC05 (Artemisia Argyi)

Fabric layer: Mosquito-repellent, made with natural mugwort extract, it repels mosquitoes, dust mites, and insects, and inhibits bacterial growth + high-resilience sponge + fiber cotton.

Comfort layer: 2 cm memory foam

Support layer: Nine-zone independent pocket silent springs + 450g heat-pressed cotton

## BC06 (Tri-Proof)

Fabric layer: Excellent waterproof, stain-resistant and oil-resistant properties + high-resilience sponge + fiber cotton.

Comfort layer: 5 cm of natural oxygen cotton

Support layer: Nine-zone independent pocket silent springs + 450g heat-pressed cotton

# BC07 (Latex Pad)

Fabric layer: High-grade knitted fabric, soft and skin-friendly, anti-static, anti-mite, and removable.

Comfort layer: 1 cm of natural latex + environmentally friendly brown, mosquito repellent, inhibits bacterial growth, environmentally friendly, odorless; highly breathable, keeps you dry.

Support layer: 2.3-thread large core round mesh design, stainless steel spring + 450g heat-pressed cotton + side sealing cotton.

## BC08 (Jelly Brown)

Made with natural jute fiber, 2cm of jute, breathable and moisture-wicking, eliminates static electricity + 2cm memory foam + 9-section individual pockets wrapped in cool fabric + 320g heat-pressed cotton, fully zipped open.

# BC09 (Conductive)

Fabric layer: Conductive fiber antistatic + high-resilience sponge + fiber cotton

Comfort layer: 2 cm natural latex

Support layer: Nine-zone independent pocket silent springs + 450g heat-pressed cotton

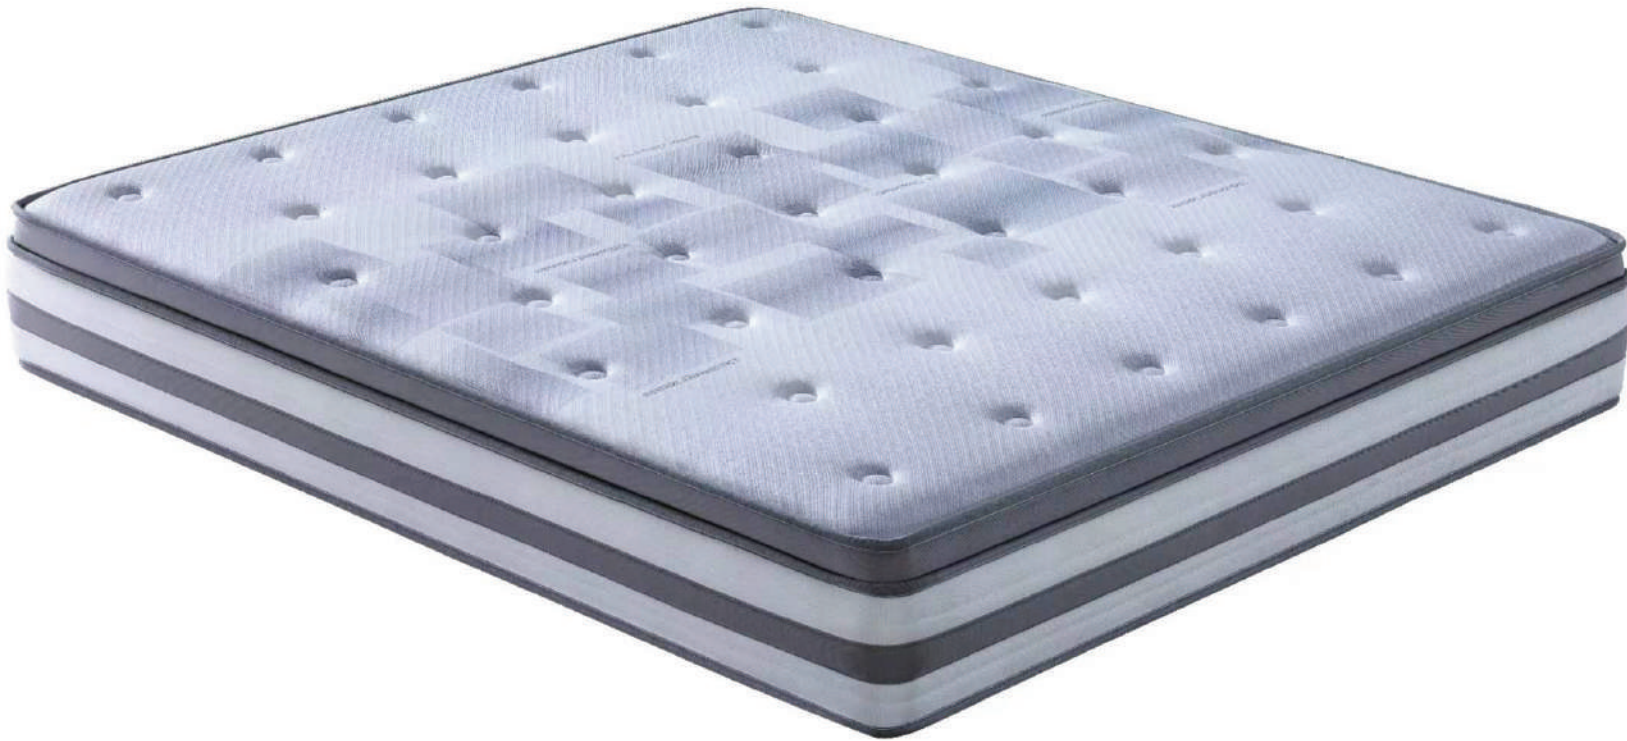

## BC010 (Anti-Pilling)

Fabric layer: Excellent anti-slip properties, significantly improves the fabric's resistance to pilling and fuzzing, environmentally friendly and formaldehyde-free, washable and dry-cleanable, non-yellowing + high-resilience sponge + fiber cotton.

Comfort layer: 5 cm of oxygenated cotton, green and environmentally friendly.

Support layer: 1.5cm environmentally friendly brown fiber + stainless steel spring + 1.5cm environmentally friendly brown fiber + side seal

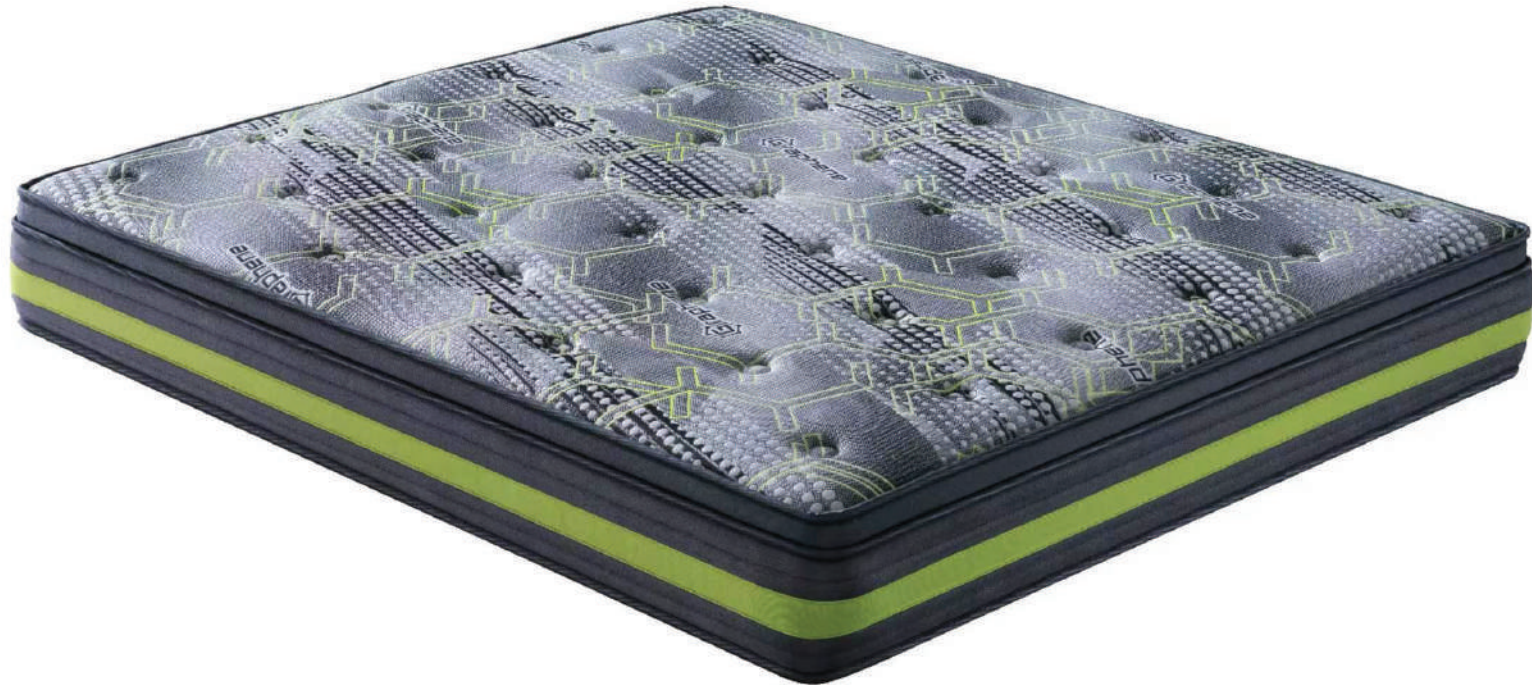

# BC011 (Graphene)

Fabric layer: Graphene knitted fabric, which stimulates far-infrared waves through body temperature, enhancing human immune cells, and providing antibacterial, bacteriostatic, dehumidifying, and microcirculation-promoting effects. + High-resilience sponge + fiber cotton

Comfort layer: 5cm of oxygenated cotton, eco-friendly + 2cm of natural latex

Support layer: Nine-zone independent pocket silent springs + 450g heat-pressed cotton

## BC012 (Ice Silk)

Fabric layer: Cool to the touch, comfortable, maintains body temperature, enhances antibacterial properties, inhibits bacterial growth, improves deodorization, eliminates odors + high-resilience sponge + fiber cotton

Comfort layer: 5 cm washed latex + 2 cm memory foam

Support layer: Nine-zone independent pocket silent springs + 450g heat-pressed cotton

# BC013 (Ice Silk)

Fabric layer: Ice silk fabric + high-resilience sponge + fiber cotton, face removable

Comfort layer: 2cm 3D material, breathable and heat-dissipating, promoting air circulation inside and outside the mattress.

Support layer: Nine-zone independent pocket silent springs, zero noise, individual stress distribution, no interference between springs. +450g heat-pressed cotton.

# BC015 (High-End Linen)

Fabric layer: high-end linen + high-resilience sponge + fiber cotton.

Comfort layer: 2cm 3D material + 1.5mm thick eco-friendly brown fabric, breathable and heat-dissipating.

Promotes air circulation inside and outside the mattress.

Support layer: 2.3-line stainless steel spring + 450g hot-pressed cotton + sealed sides.

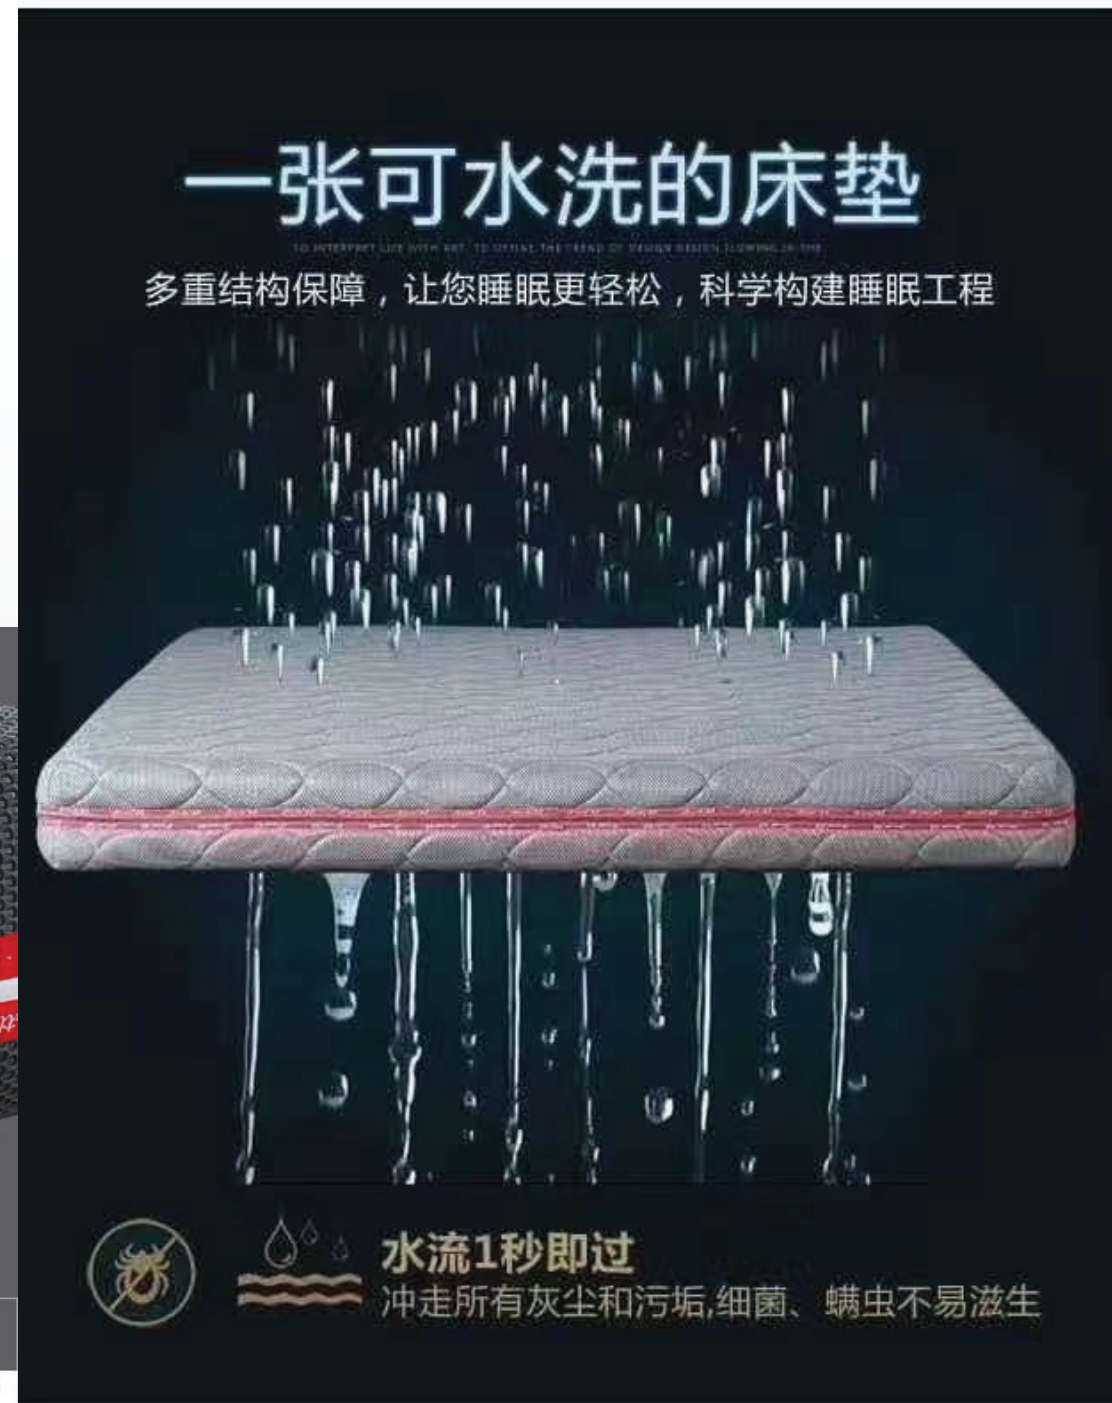

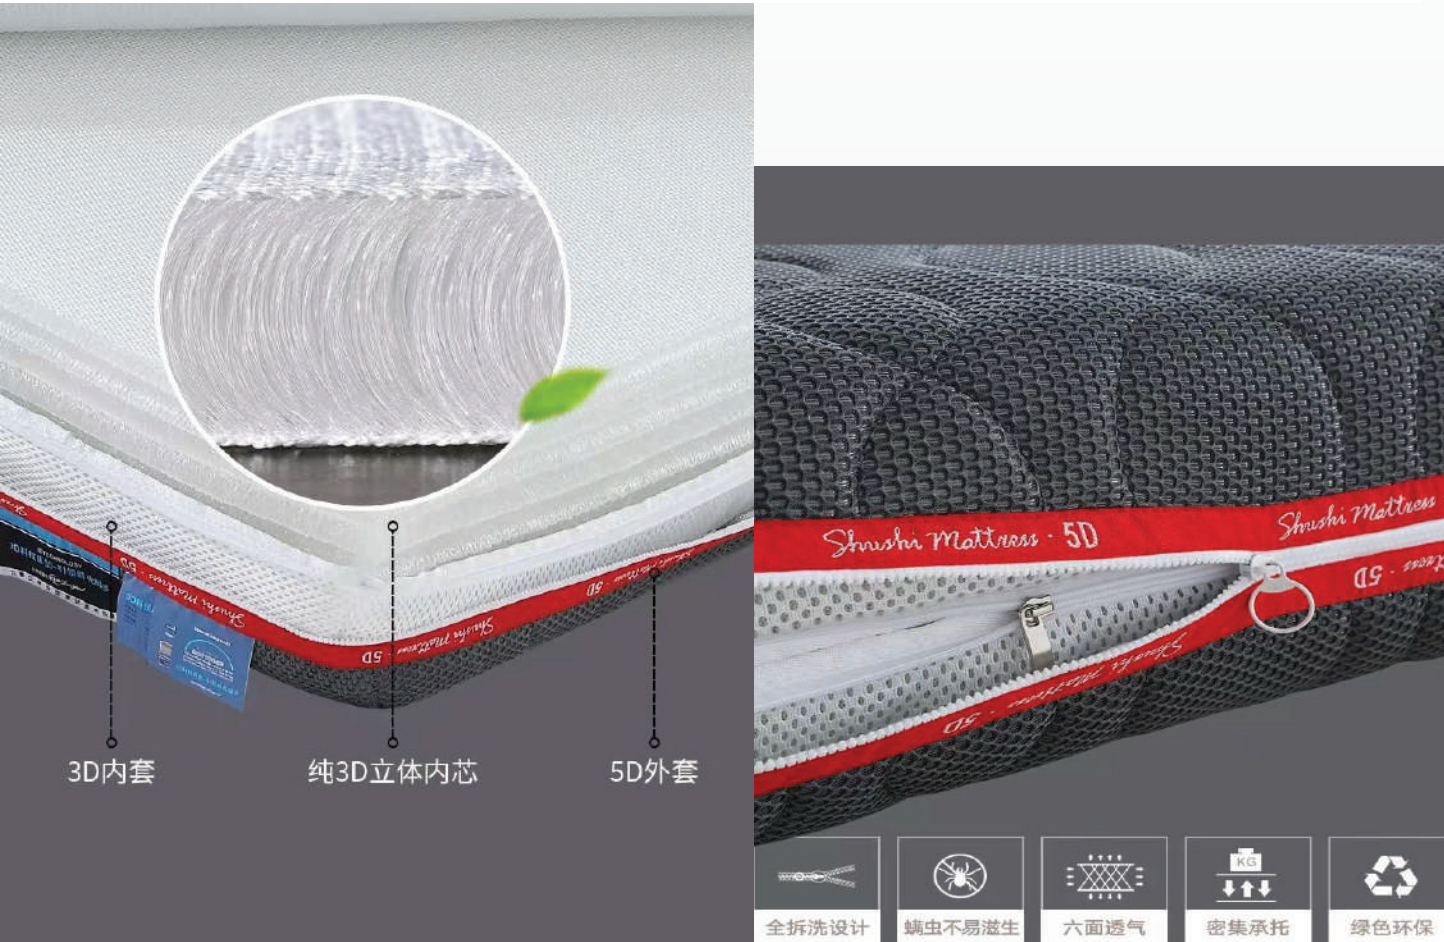

# 3D Mattress

Breathable for better sleep, excellent heat dissipation for a cooler feel. Absorbs sweat and moisture, preventing stickiness. Anti-mildew, antibacterial, mite-repellent. Durable for long-term use, maintaining health and well-being. Relieves noise and dryness. Excellent flame retardant properties. 360-degree perfect support.

The only 3D mattress that can be washed.

With a firm yet soft texture, it is suitable for all age groups.

## BC016 (High -End Line)

Independent pocket silent springs, 868 independent high-carbon manganese steel springs, high temperature quenching, tough and pressure resistant, stable performance, point-to-point precise adjustment support, every rebound adds to sleep, two people can turn over without disturbing each other, quiet and noise reduction, durable."

Made of healthy and skin-friendly natural cotton and linen fabric, cotton and linen can absorb sweat and perspiration from the skin, allowing body temperature to quickly return to normal. It truly achieves a breathable and sweat-wicking effect, making it the choice of most people. Natural wool fibers are highly elastic, absorb shock, resist compression fatigue, have good load-bearing capacity, are comfortable and durable, and are not easily oxidized.

The 3D jute layer is pressed into the bed core using 3D hot-melt glue-free technology. The plant springs effectively disperse pressure, reducing pressure by up to 60%, and have superior pressure resistance and rebound. It is formaldehyde-free and mite-proof and antibacterial.

# BC017 (Water Mattress)

Independent pocket silent springs, made of independent high-carbon manganese steel that has undergone two high-temperature treatments, are tempered at high temperatures, tough and pressure-resistant, with stable performance, and point-to-point precise adjustment support. Every rebound enhances sleep, and two people can turn over without disturbing each other. They are quiet, noise-reducing, and durable.

Made from imported pure cotton knitted fabric, it is comfortable and warm, with balanced humidity, making people feel comfortable, highly durable, environmentally friendly, and has no irritation when in contact with the skin, and is beneficial and harmless to the human body.

Natural and environmentally friendly hard cotton: Made with high-quality imported 4080 low-soluble fiber, it has good breathability, good resilience, long-lasting shape retention, non-aging properties, and water resistance.

The patented constant temperature water bag features intelligent temperature control to regulate a comfortable temperature, achieving a warm feeling in winter and a cool feeling in summer. Through the buoyancy of the water, it promotes a dynamic sleep effect, making sleep healthier and more comfortable.

# BC018 (Electric Mattress)

1. A brand-new functional stress-relieving and sleep-aiding system
2. The motor is from the German brand OKIN, and has undergone 20,000 load tests, ensuring smooth and quiet operation, and enhanced safety.
3. Custom-made independent pocketed mattress, high-temperature quenching, tough and pressure-resistant, stable performance, point-to-point precise adjustment support, every rebound enhances sleep.
4. Natural latex cotton is highly elastic, absorbs vibration, is resistant to compression fatigue, has good load-bearing capacity, is comfortable and durable, and is not easily oxidized.
5. Relaxation Mode - The back is raised to 60 degrees, providing strong support for the cervical spine and lower back, allowing the spine, which has been strained during the day, to relax. The legs are raised to 30 degrees, lifting both feet to accelerate blood flow and relax leg muscles.
6. ANTISNORE Sleep Aid Mode - Raises the head by 10 degrees, remotely intervenes in snoring, healthy and worry-free; raises the legs by 10 degrees, promotes blood circulation in the legs, and allows the body's muscles and spine to relax naturally, quickly entering a state of sleep.

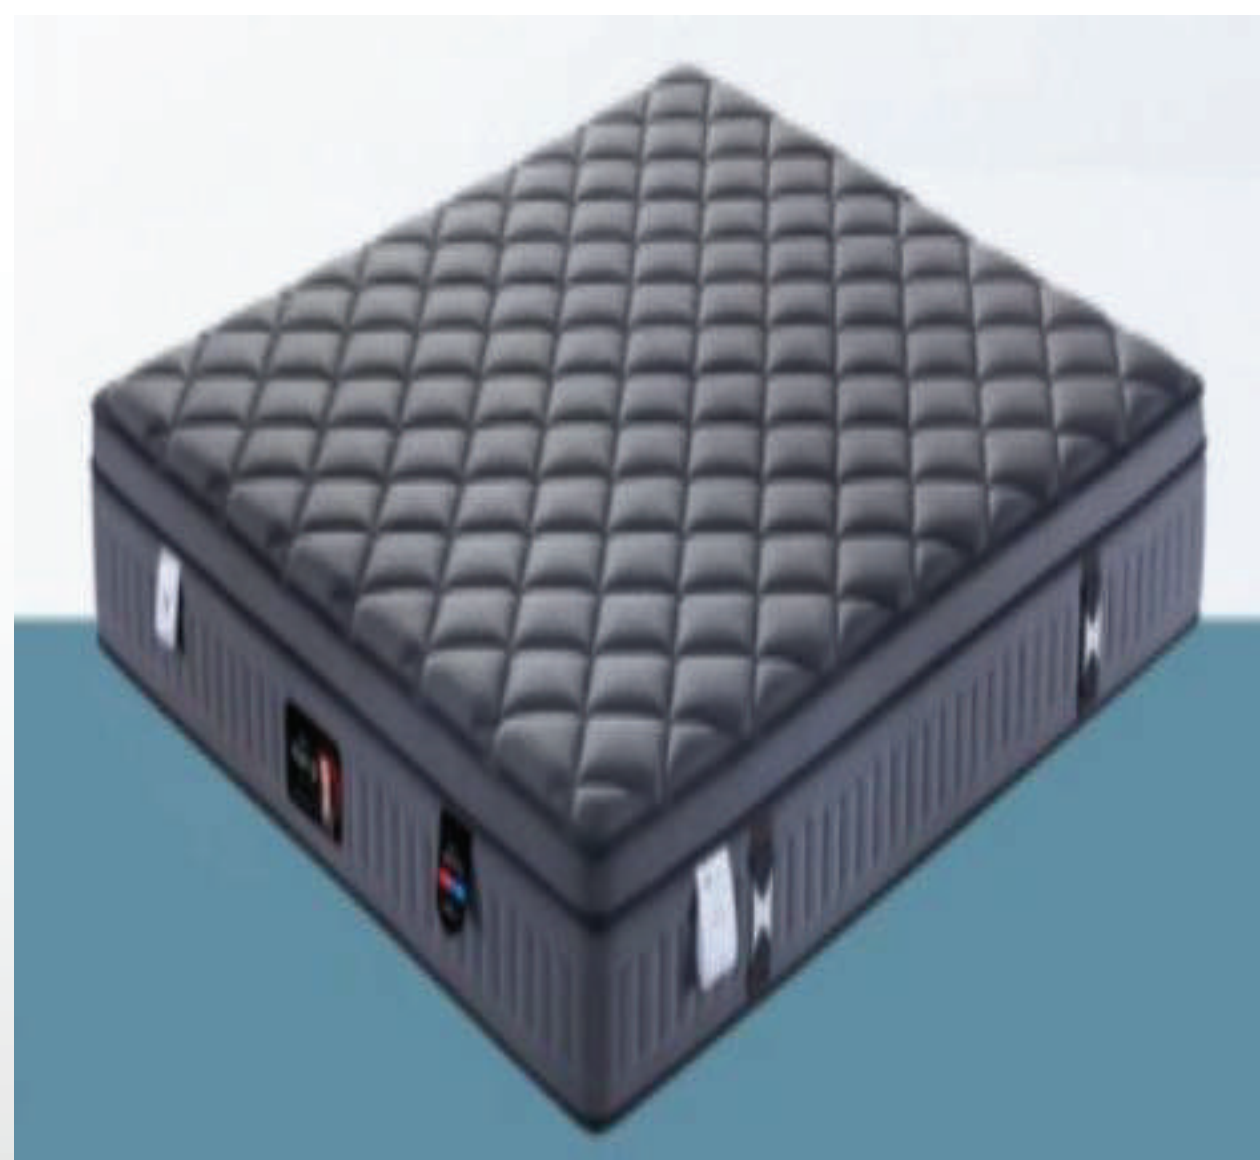

## BC019 (Same Style as Mouse)

Skin-friendly layer: Multi-layer composite 3D fabric cover

Comfort layer: 6 cm thick, double-shaped 3D material

Support layer: 3D fabric cover + fully fabric independent pocket springs

Each piece of material and spring has a protective cloth cover for greater durability and cleaner operation.

# BC020 (Linen Mattress)

Skin-friendly layer: Antibacterial linen cover

Comfort layer: 2 parts memory foam + protective cover

2-point cloud-oxygen Q-elastic cotton + protective cloth cover

2-inch 3D sheet + protective cloth cover

Support layer: 3D fabric cover + fully fabric independent pocket springs

Each piece of material and spring has a protective cloth cover for greater durability and cleaner operation.

## BC021

Skin-friendly layer: One side is a composite 3D fabric cover + the other side is an ice silk knitted fabric cover

comfort layer

Support layer: Second-stage molded, glue-free 3D material + 3D protective fabric cover. Each piece of material and spring has a protective fabric cover, making it more durable and cleaner.

## BC022

Skin-friendly layer: Hästens fabric + silk + kapok + camel hair + DuPont cotton + wool

Comfort layer: Imported latex + nano 3D

Support layer: 3D fabric cover + fully fabric independent pocket springs

Each piece of material comes with a protective cloth cover, making it more durable and cleaner.

Same style as Hästens
